Skopje - Ohrid INVITES
14 ECEE, 2010

Under the Auspices of European Association of Earthquake Engineering EAEE

Skopje Earthquake, 1963

Hosted by
the Macedonian Association of Earthquake Engineering MAEE

August 30 - September 03, 2010
Skopje - Ohrid, Republic of Macedonia

14th EUROPEAN CONFERENCE ON EARTHQUAKE ENGINEERING
Dear Colleagues,

I am delighted to have this opportunity, on behalf of MAEE, to extend our cordial invitation to you to attend the 14th European Conference on Earthquake Engineering (14ECEE).

The 14ECEE will be held in Skopje-Ohrid, Macedonia, August 30-September 3, 2010. The conference will be an excellent opportunity to bring together international researchers and development communities, government officials, NGO’s, and representatives of the private industries to share the knowledge and the latest achievements of research and practice in earthquake hazard mitigation, disaster risk reduction, and improvement of earthquake safety in Europe and around the World.

MAEE will do everything in its power to make this event memorable and a success. I believe that all participants will find their participation professionally rewarding and personally enjoyable.

I look forward to seeing you in Skopje-Ohrid, Macedonia in August, 2010.

Prof. Dr. Mihail Garevski
MAEE President

The 14ECEE conference is elated that Mr. Nikola Gruevski, the Prime Minister of the Republic of Macedonia, has accepted our invitation to be honorary patron.

HOST CITIES
The Conference will be hosted in Skopje and Ohrid. The attendees will be accommodated in major hotels located along the Ohrid lakeshore, a few kilometers from the city of Ohrid.

PROGRAMME

The programme will feature state-of-the-art keynote presentations, special presentations on recent earthquakes, and oral and poster presentations on the following topics:

- Lessons from Past Earthquakes;
- Strong Ground Motion, Engineering Seismology, Earthquake Hazard and Risk Assessment;
- Geotechnical Earthquake Engineering, Dynamic Properties and Response of Soil Deposits;
- Structural Modeling, Analysis, Design and Seismic Safety;
- Innovative Techniques for Reducing Seismic Impact (Structural Control Technology, Smart Materials and Smart Structures, Health Monitoring);
- Retrofit of Structures;
- Societal, Economic and Planning Aspects; and
- Technologies and Trends for Disaster Monitoring and Reduction.

LANGUAGE

English will be the official language of the Conference for both oral and poster presentations. Conference rooms will be equipped with video beams, overhead and slide projectors.

EXHIBITIONS

A product and services exhibit will be offered in conjunction with the Conference. Interested in having a display are kindly invited to contact the 14ECEE Secretariat.

SOCIAL PROGRAMME

A social programme for accompanying persons will be arranged during the days of the conference. A half day tour, reception and banquet will be organized for delegates and registered accompanying persons. Costs for the optional programmes will be posted on the conference home page.

REGISTRATION FORM

Yes I am interested in:

☐ Attending the conference;
☐ Receiving e-mail notes and bulletins;
☐ Participating in exhibitions;
☐ Sponsoring the conference.

Title (please check):

☐ Prof. ☐ Dr. ☐ Mr. ☐ Ms. ☐ Other

Family name:
